

Music Jam Unplugged

Do you enjoy playing the guitar and have no one else to share it with? Well, look no further! Why not join us. The concept requires players who have the basics down and can play songs start to finish. The sessions will help guitarists “jam” together, share new ideas, trade techniques and have a blast! All you need is an acoustic guitar (classic or steel string), some playing skill and a heap of enthusiasm.

This program is not for beginners
